

FRESNO STATE

Lyles College of Engineering

Lyles College of Engineering Honors Program

The Lyles College of Engineering Honors Program was started in 2008 as the Husband-Boeing Honors Scholarship and has since expanded to also include the Lyles Family Honors Scholarship. It is a full-ride scholarship, paying all tuition over four years (two years for transfer students) at Fresno State. The program emphasizes academic excellence, leadership, service, global perspective, entrepreneurship and innovation. Students in the Honors Program have access to individualized learning options, research projects, access to industry leaders, opportunities for internships, and opportunities for hands-on learning.

Who Can Apply?

- First-time Freshmen and upper-class first-time transfer students
- Students are admitted in a cohort

Minimum Requirements

High School Student

- 3.80/4.00 minimum un-weighted GPA and ranked top 15% of graduating class

Transfer Student

- Minimum un-weighted GPA of 3.80/4.00 from current academic institution
- You must be accepted into one of the LCOE academic undergraduate programs
- If admitted, you will have to renew your scholarship each year with satisfactory completion of academic program requirements

How Do I Apply?

1. Apply to Fresno State's Undergraduate Admissions in the LCOE

- www.calstate.edu
- Submit by **November 30, 2025**

2. Fresno State Scholarship Application

- www.fresnostate.edu/studentaffairs/scholarships/scholarshipapplication/index.html
- Submit by **March 1, 2026**

3. LCOE Honors Program Application

- After submitting your Fresno State Scholarship Application, the system will show specific scholarships to apply, find and complete the LCOE Honors Program Application
- Submit by **January 16, 2026**

What Happens After I Apply?

- The LCOE Honors Council, which is a committee of LCOE professors from all departments, will read through all the applications and categorize applications
- You might be invited to an interview

What Happens After Accepting?

- Join your cohort and start at Fresno State!
- Enroll in ENGR 1H
- Follow Scholar Guidelines
- Help and lead your fellow LCOE students!

How Do I Maintain my Scholarship?

- As honors students you are held to a higher standard as you will be expected to set a good example for your classmates
- You will sign an honors code
- You must maintain a **3.40 GPA** each semester
- 20 hours of service relating to LCOE per year

LCOE Honors Program Courses

- **ENGR 1H/3H** – *Honors Seminar* – Learn about leadership, decision-making, global issues, ethics, and professional service
- **ENGR 2H/4H** – *Honors Project* – Complete a semester-long project with your class that will teach service to community and leadership through project-based learning

ENGR Upper Division Requirements

- Each semester add an 'honors' component such as research/project in one of the major courses that they enroll during the semester or work with a faculty on research
- The final 'honors' component is the submission of an honors thesis in the second semester of the senior capstone course
