

Do you like to ride bicycles? Do you need a new bicycle? Join your friends at Fresno State for this hands-on, project-based camp!

Students will learn about the history and value of bicycle transportation, bicycle safety, and even design a 3D-print bicycle model!

Every student will receive a bicycle and safety accessories for free! You will get to practice and train on different safety, maintenance and operation of your bicycle. (Students must know how to ride a bicycle to register)

JULY 17-21, 2023 | 8:30 AM - 4:30 PM

WHO? Current 5th-8th students who are incoming 6th-9th students
